

## Bible Education Program

---

**Degree:** Bachelor of Science in Bible

---

**Majors:** Bible, Bible Education

---

**Certification:** ACSI (K-12) Bible

---

**Program Mission:** The Bible Education program trains students from a philosophical base which reflects a biblical world view, to serve as Bible teachers in Christian schools.

- 
- Program Objectives:** Students will:
1. Utilize learning theory in the instruction of students in the classroom and to plan and prepare instruction in accord with the lesson's behavioral objectives.
  2. Present Bible history, theology, and other forms of content into the classroom in a Christian school.
  3. Utilize a variety of instructional materials, teaching techniques, and resources.
  4. Plan and present subject matter with a depth of understanding and a wide scope of information and implications.
  5. Effectively use time to facilitate student learning, including the establishment of transitions and appropriate sequence of instruction.
  6. Pose questions which require students to analyze, synthesize, and think critically.
  7. Use technology as an instructional tool, a resource for research, and a means to assist in classroom management.
  8. Establish rapport with students and thereby motivate and enlist student participation and cooperation.
  9. Communicate effectively with verbal and nonverbal skills, including hand writing, written language, spoken language, and listening skills.
  10. Modify instruction to meet the needs of all students.
  11. Creatively hypothesize and solve problems within the classroom.

## **Academic Programs: Teacher Education**

12. Utilize a variety of teaching strategies and methods to meet the needs of all students.
13. Adapt subject matter to various cultural and ethnic groups.
14. Select and develop assessment techniques and instruments for determining pupil achievement of learning objectives.
15. Utilize appropriate classroom management and discipline techniques.
16. Analyze and evaluate his/her planning, implementing, personal teaching, strengths, and weaknesses.
17. Work effectively as a member of an instructional team.
18. Possess knowledge of current innovations, trends, and issues in education and the major teaching professional organizations and benefits provided by each.
