Dear LBC friend,

It is a great day when a Bible college can say that enrollment is increasing, more programs are being developed and approved by the Department of Education, including our first doctoral degree, and stakeholders are enthusiastically supporting our three capital projects.

This is a perfect way to describe Lancaster Bible College. Students are seeking a premier academic experience in a Bible college setting; faculty and staff are focused on providing a caring, Christ-centered learning environment; and our journeys intersect in a thriving social community.

Supporting this momentum, last year the college embarked on our “Transformational Vision Leading to a Preferred Future.” It began with the construction of our Student Learning Commons, a hybrid of traditional library, learning environments, academic resources, and supports, and social gathering places—all threaded with leading-edge technology. By God’s grace and through His provision, our Preferred Future continues forward with the renovation of our newest dormitory, Weber Hall, the construction of an iLEAD and Faculty Commons, and a Strategic Alliance Center.

Greater numbers of students, more programs, and better facilities merge to provide a unique college experience centered on the Bible. We are committed to the centrality of a biblical worldview and the power of the written Word of God. I am so grateful for friends who generously support the mission and vision of Lancaster Bible College. Please enjoy this report and feel free to contact me with your thoughts.

Cordially in Christ,

Peter W. Tague, Ed.D.
President

VISION
Lancaster Bible College will be a premier learning community that intentionally develops the head, heart, and hands of servant ministry leaders for global impact.

MISSION
Lancaster Bible College exists to educate Christian students to think and live a biblical worldview and to proclaim Christ by serving Him in the Church and society.
