I am reminded that many institutions of higher education, including Bible colleges, have been faced with unprecedented losses that resulted from recent economic downturns. Because of what our predecessors entrusted to us, we must now reach higher than ever before. We can reflect on the incredible history of our college in the midst of the future modern-day challenges we face—challenges that are like those our forebears faced. We must be reminded that "Christ is the same yesterday, today, and forever." And we must joyfully proclaim Christ by serving Him in the Church and society.”

Dear Friend,

Thank you for partnering with us in biblical higher education that strengthens the best interests of our students and their families. With stellar faculty and potential. Significant research confirms that biblically educated Americans are an endangered species…even within churches. We live in a day that is in need of institutions like LBC! We are committed to biblical and theological education because we believe it is no accident that the Bible is called the "Word of God." We believe that those called to the ministry are not only leaders for local churches but the global Christian community as well. We are so grateful for your participation. Please keep in touch.

Cordially in Christ,

Peter W. Teague, EdD
President

With our unwavering commitment to the truth of the Word of God, LBC has become more and more influential in serving Christ and serving others in broader avenues. Thus, I eagerly invite you to review the pages of this report.

I have kept all of us in determining to continue our journey of improving every aspect of our biblical academic institution. We call LBC, as ways that serve the best interests of our institution and those families with whom we are dedicated to serve. Our commitment to excellence, learning, service, and faith is something we will continue promoting until we give God all the glory!

Thank you for partnering with us inbiblical higher education that strengthens not only our local churches but the global Christian community as well. We are so grateful for your participation. Please keep in touch.

Sincerely in Christ,

Peter W. Teague, EdD
President
